

Paddy's Prattle 8 September 2020

Another beautiful Saturday saw the kick off to the Club Champs matchplay rounds. The Seniors grade went more or less to form. Top game was Blair against Brendon, this went down the 20th before Blair finally prevailed and he has now booked himself a tussle with Dave Morrison. A touch of magic by Charlie saw him sneak past Spud on the 18th and now sets up a great match against reigning champ Jeff. Owen against Rodney and Robbie against Hamish rounds out the quarter finals.

In the Intermediate Steve Mc will play Vince while Bruce and Knocker will have a left handed stand off. Then two games of young guns against well seasoned pro's, with Ryan Stoddart taking on Chris Lovelock and Sean Strange yapping at Ross Chatts.

Junior A has giant killer Shane taking on Dave Hewitt, Robert Pawsey locking horns with Ken. Alan White plays Darren Peace along with John Power and Leaky.

Then the Junior B Pat T will get a nose bleed being in the quarters and will try and down top seed Eric. Ian Snowballs first dip at club champs sees him up against matchplay veteran Dr Mike. George and Stewey will have a great game and Bill will face Murray in a Patron V President game. We also have the plate games for the first round has beens. Good luck to all players, enjoy the day.

On Sunday we had pennants and 4 out of the 6 Brandon teams won. The ladies Birdies and Belles both finished well with the Birdies taking third place. The Bullets took 3rd place in the scratch grade. A couple of big names were dropped from the Bangers team and they beat Tinwald on there own track to pick up runners up. The Battlers really missed a strong leader and the Bravehearts tried really hard.

Story of the weekend is entitled "Tim can't count" after is was found that he happened to have 15 clubs in his bag half way through the pennants game, lucky for him, his opponent was in a charitable mood and said it was ok. After the game Tim stated that he had purchased a new rescue club some 12months back and put it in his bag without removing another club. The question is. Are his playing partners and opponents over the past year as charitable? I am sure if you have played Tim recently and you believe he should have been disqualified and you happen to bring it to his attention, he will gladly stand you a drink for the game!

Oh, and Tinwald want the Foodstuff trophy back as his score should be removed from that.

Have fun everyone, enjoy your weekend.
Good golfing, and count your clubs!
